

VETERINARY ENDOTRACHEAL TUBE

Sheridan brand Veterinary endotracheal tubes are made with medical grade materials and contain a soft beveled tip and murphy eye to help ensure smooth intubation and unobstructed airflow as well as full-length radiopaque line, 1 cm graduation markings and 2 cm indicator mark. In addition, the tubes from 3.0 to 10.0mm feature an inflation cuff and pilot balloon with one-way valve. Each tube is sterilized and packaged for single use and veterinary use only.

ITEM #	DESCRIPTION	INNER DIAMETER (mm)	OUTER DIAMETER (mm)	CUFF DIAMETER (mm)	LENGTH (mm)
